

**Dr. Markus Schlee**  
Germany

Markus Schlee has a private practice in Forchheim since 1990. He holds the specialist qualifications in periodontology of the DGP and the EDA and the specialist qualifications in implantology of the BDIZ and DGI. He is a member of numerous professional associations, including the Neue Gruppe, the DGP, the DGI, the AAP, and the APW. He is Assistant Professor at the Steinbeis University in Berlin. He teaches at the APW and the DGI and has lectured and published extensively, both nationally and internationally (US, Asia-Pacific, Australia, Europe) in the fields of periodontology, implantology, soft-tissue management, microsurgery, piezosurgery, and esthetics.

**Dr. Pascal Valentini**  
France

Pascal Valentini received his DDS of the University of Paris VII in 1982 and the post graduate in Oral Implantology from the same university in 1992. Currently Associate Professor of Implant Dentistry at the University of Loma Linda and Director of the European post graduate of Oral Implantology at the University of Corsica (France). Author of several articles in the field of osseointegration and bone regeneration with a special emphasis on maxillary sinus grafting techniques. International lecturer. Active member of the European Association of Osseointegration and Academy of Osseo-integration. He runs a private practice limited to oral and implant surgery in Paris (France).

INTERNATIONAL DENTAL  
EXHIBITION AND MEETING  
APRIL 15-18, 2010

**SCIENTIFIC CONFERENCE**

## Pre-Congress IDEM Singapore

April 15 – 16, 2010

**Soft & Hard Tissue Management  
in Advanced Implantology**

One of the highlights of IDEM 2010 will be the outstanding Scientific Pre-Congress featuring some of the world's foremost professors and researchers. It is our intention to cover a wide range of topics in advanced implantology so that every dentist visiting the Pre-Congress will have something in store of particular interest to him/her.

### Lectures

#### 1st Day: 15.04.2010

- 9.00am:  
Opening speech: Chairman of IDEM Singapore 2010
- 9.10am – 10.30am: Dr. Giesenhagen  
Single-Stage vertical augmentation with circular bone grafts
- 10.30am – 11.00am: Coffee Break
- 11.00am – 12.30pm: Prof. Vercellotti  
Advantages of Implant Site Preparation using Piezosurgery®
- 12.30pm – 1.30pm: Lunch break
- 1.30pm – 3.00pm: Dr. Schlee  
Soft tissue management around teeth and implants
- 3.00pm – 3.30pm: Coffee Break
- 3.30pm – 5.00pm: Dr. Valentini  
Maxillary Sinus Grafting: The correct surgical procedure

### Workshops

#### 1st Day: 15.04.2010

- 4.00pm – 6.00pm: Dr. Schlee  
Animal Bone workshop (20 participants)
- 6.30pm – 8.30pm: Prof. Vercellotti  
Animal Bone workshop (20 participants)

#### 2nd Day: 16.04.2010

- 9.00am – 11.30am: Dr. Valentini  
Cadaver workshop (20 participants)
- 1.00pm – 3.30pm: Dr. Giesenhagen  
Cadaver workshop (20 participants)

**Prof. Tomaso Vercellotti**  
Italy

Tomaso Vercellotti is the inventor of Piezoelectric Bone Surgery, Ultrasonic Implant Site Preparation and Orthodontic Microsurgery Techniques. Founder and President of Piezosurgery Academy. He maintains a private practice limited to Periodontology and Implantology in Genova (Italy). He is Honorary Professor at UCL Eastman Dental Institute of London and Visiting Professor in Italian and International Universities. Author of a new bone quality classification for surgical purposes. The first book on Piezoelectric Bone Surgery and the first scientific clinical articles on the new surgical techniques are published by him. Prof. Vercellotti lectured on Congresses of the AO, EAO, AAP, NYU, USC, ICOI. He is the 2005 recipient of the Andi Award for scientific and cultural merit.

**Dr. Bernhard Giesenhagen**  
Germany

Bernhard Giesenhagen is a specialist in the field of implantology and an authority on augmentation techniques, especially bone ring transplants. He is Medical Director of Pro-implant, The International Centre for Implant Dentistry and Implant Dental Training. Dr Giesenhagen has written numerous articles and instructed on various advanced training courses at home and abroad. His courses are attended by dentists, oral surgeons and jaw surgeons from Germany and overseas. The lectures on implantology are always backed by live-OP courses. Dr Giesenhagen set up his own practice in 1980, concentrating on implant dentistry. He has placed many thousands of implants, including prosthetic management.
